Dear Colleague,

We would like to hear your feedback.

We are successfully finishing the third week of our survey period with our new tool - **Medallia**. In the last month we have provided daily training and Q&A to make the adaptation process as smooth as possible. Therefore, we kindly ask you to complete the following survey available in 3 languages, this way we will know if we need to provide additional trainings.

[Link to start the survey.](#)

Remember that we want you to feel prepared to ensure a great customer experience.

Kind regards,
Global CXM Team
