

# OBJECTIVE

A **RING** WHICH CAN HAVE THE PERCEPTION FOR PEOPLE TO REMIND OF  
THE IMPORTANCE OF THE **HISTORICAL** ELEMENT.

WHILE AT THE SAME TIME , BE INVOLVED IN A NEW **SYSTEM** AND **FUNCTION**

## Problem

1. People not familiar with Naviglio Ring.
  - A. Seprate understanding of ring
  - B. No signal
2. Green is not enough.
  - A. Street green is in the less-pedestrain walkside.
  - B. Visualable green is not enough:
    - Not necessary garden wall;
    - people don't where it is
3. Bicycle way is not enough
  - A. Really not enough
  - B. No strong signal with a bad space feeling:
    - same high level with car
    - similar color material with concrete road
4. Too many vechiles
  - A. Really too many vechiles on peak time.
  - B. Directly affected on pedestrain.
  - C. Too close in space and space feeling
  - D. Nothing else more impressive

## Strategy

1. Add historic monument point all the ring
2. Add an "Naviglio" element to all the ring to increase its identity
3. Increase trees on the side walk
4. Change some garden wall to fence
5. Set some signal leading people to see the green.
6. Set some signal leading people to see the important.
7. Arise the level of bicycle way.
8. Use the red bicycle path
9. Use pavement.

## Potential

1. Naviglio history
2. Historic building nearby
3. Green area near the ring
