silhouettes al tramonto

The West Pier in Brighton suffered damage from storms and several fires later in 2003 spelled the end of any renovation plans.

The skeletal hulk is all that is left.

war of nature

Work has started on the anachronistic sounding i360 in Brighton. Back in the day when the West Pier still stood, Nick Cave and others were promoting a green solution for the venerable iron skeleton. Audio re-imagined it for a promo poster.

I know which I'd prefer to see gracing the city seascape.
