- military area
- industrial compound
- sports field
- historical/listing building
- main embankment
- minor embankment
- defensive works
- dock
- tree row
- old riverbed
- erosion mark
- old edge
- infrastructures
- relevant transversal sequences

1 The end of the river embankment, with the *Borgotrebba* church.

2 The view from the overpass in *Via Carlo Agosti* on the highway A21.

3 One of the many *cascine* that are present in the agricultural landscape immediately outside the city.

4 The city as it is visible from the embankment, with *Porta* and *Bastione Borghetto*.

5 A picture of the members of the *Vittorino da Feltre* rowing club, gathered in front of the old headquarter.

6 An historical photograph of the *Adamello* power plant, designed by the architect *Piero Portaluppi* and built in 1929.

7 An empty lot near the highway and near the electric power plant, visible in the background.

8 Under the highway A21 flows the *Rifluto* canal.

9 An historical photograph of the *Finarda* power plant, built in the 20's.

10 The local cemetery, that today is surrounded by the industrial area.
